

Nitin Mali

Software Developer | Full Stack Developer | Python Developer | React Developer

Solapur, India +91 9209306531 | malinitin.id@gmail.com | github.com/nitinsmali | [linkedin.com/in/nitinsmali](https://www.linkedin.com/in/nitinsmali) | nitinsmali.vercel.app

PROFESSIONAL SUMMARY

Full Stack Developer & BCA graduate with hands-on experience in developing responsive web applications using HTML, CSS, JavaScript, PHP, Python, SQL, MySQL, Git, and GitHub. Skilled in frontend development, backend programming, database management, version control, and deploying applications using Vercel.

Developed projects including Online Quiz Portal, PDFMasterBot, and a [personal developer portfolio](#), demonstrating experience in authentication systems, database integration, responsive UI development, and application deployment. Completed internships in Front-End Development, Web Development, and IBM SkillsBuild Artificial Intelligence. Strong foundation in OOP, DSA, DBMS, OS, CN, and SDLC, with a passion for software engineering and cloud technologies, focused on building scalable, efficient, and user-centric applications.

EDUCATION

Bachelor of Computer Applications (BCA), Punyashlok Ahilyadevi Holkar Solapur University |

Graduated (2026) | 72.59%

HSC (Science) | 63.84%

SSC | 90.00%

INTERNSHIP

Edunet Foundation – IBM SkillsBuild (AICTE) | Artificial Intelligence Intern

Jul 2026 - Aug 2026

- Completed a six-week AI internship focused on project-based learning and Artificial Intelligence.
- Developed an AI project under mentor guidance and presented the final solution.
- Participated in technical sessions, mentoring, and collaborative learning activities.
- Applied AI concepts and problem-solving techniques to design and implement a practical project solution.
- Prepared project documentation and delivered the final presentation, demonstrating technical communication and teamwork skills.

PROJECTS

Online Quiz Portal

[GitHub](#)

[Live Demo](#)

Technologies: HTML, CSS, JavaScript, PHP, MySQL

- Developed a full-stack online quiz platform with secure authentication, category-based quizzes, leaderboard, and score tracking.
- Implemented timer-based quizzes, automatic score calculation, responsive UI, and MySQL database integration.
- Deployed on InfinityFree and managed source code using Git and GitHub.
- Designed a normalized MySQL database to efficiently manage users, quiz questions, scores, and quiz attempts.
- Improved user experience through intuitive navigation, responsive layouts, and real-time quiz result generation.

PDFMasterBot

[GitHub](#)

Technologies: Python, python-telegram-bot, pypdf, Pillow

- Built a Telegram bot supporting Image-to-PDF, Merge, Split, PDF-to-Word, and Word-to-PDF conversion.
- Integrated pypdf, Pillow, pdf2docx, and docx2pdf for document processing.
- Designed a modular architecture with reusable handlers, services, and utilities.
- Developer Portfolio
- Technologies: React.js, Tailwind CSS, JavaScript, Vercel

TECHNICAL SKILLS

Languages: Python, JavaScript, PHP, SQL

Frontend: HTML5, CSS3, React.js, Bootstrap 5, Tailwind CSS, Responsive Design

Databases & Cloud: MySQL, Linux, Network, Computer networking

Tools: Git, GitHub, VS Code, Vercel, REST APIs

Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems, SDLC, Problem Solving

CERTIFICATIONS

IBM SkillsBuild – Edunet Artificial Intelligence (2026)

- Skills: Artificial Intelligence, Machine Learning, AI Project Development

AWS – Fundamentals of Machine Learning and Artificial Intelligence (2026)

- Skills: Machine Learning Fundamentals, Artificial Intelligence Concepts, AWS Cloud Basics

HackerRank – Software Engineer Intern (2026)

- Skills: Problem Solving, Software Engineering Fundamentals
